Professional Bull Riders Built Ford Tough Series

The Professional Bull Riders are bringing their Built Ford Tough series to Tacoma. Watch as the best bull riders in the world try to hang onto these massive beasts for an eight-second thrill ride.

With the average bull weighing between 1,700 and 1,800 pounds, and some pushing as much as a ton and capable of jumping four to five feet in the air, they're sure to jar anything or anyone who tries to tame them. To the average person eight seconds seems like the blink of an eye, but to these cowboys eight seconds on the back of one of these fierce animals must feel like an eternity.

Don't miss out as these bulls and bull riders keep you on the edge of your seat. It's no wonder why many people consider this America's original extreme sport.
